# REPORT OF SUPERINTENDENT OF SCHOOLS

---

*To the Superintending School Committee and Citizens of  
Islesboro:*

Herewith is my report for 1931-32.

## HIGH SCHOOL

Islesboro High School continues to be one of which the town may well be proud. It is no exaggeration to say that it compares very favorably with schools of similar type throughout the state. The teachers have been well-trained and have been efficient and faithful in the discharge of their duties, and the pupils have maintained good attendance and interest in their school work.

## ELEMENTARY SCHOOLS

The Elementary schools have been maintained on the same basis as previously, with the exception of the Parker school, which was temporarily discontinued due to its attendance falling below the point at which it could be efficiently operated. Transportation has been afforded those children who seemed to be in particular need of it due to distance, condition of road, etc. The teachers have worked conscientiously to see that every Islesboro boy and girl gets the best possible opportunity in education.

## ACCOUNTS

The school accounts are in good shape, with an unex-

pending balance for the total funds. While the town raises a considerable sum, its school rate is only .00892, while the state average was .01297, thus indicating that the school advantages enjoyed here were at a rate well below the average.

## REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL

---

*To the Superintendent of Schools and the School Committee  
of Islesboro, Maine:*

The fall term began Sept. 14, 1931, with forty-five pupils. There were seven Seniors, twenty Juniors, ten Sophomores, six Freshmen and two Post Graduates. The College Preparatory Course had fourteen, the Commercial twenty-six, the English Scientific three, and the Special Commercial, two.

The Freshman Reception, given the fourth week of the term, was a very enjoyable event. The Freshmen were ready and willing to perform every stunt required of them. They responded so willingly and good-naturedly that the laugh was really on the rest of the school.

There are three Honor Rolls this year. The High Honor Roll, the Honor Roll and the Low Honor Roll. No pupil can be on either unless he has A in deportment. One must have all A's to be enrolled on the first, A's and B's are the requirements for the second, and all B's makes one eligible for the third. Twenty-two pupils, or nearly one-half the school, were on these Honor Rolls during the term.

The attendance for the term was unusually good as the average was forty-three and six-tenths. Twenty-two pupils were not absent any session.

This term of fourteen weeks closed Dec. 18, 1931, with forty-five pupils, the same number as when school opened in September.

The winter term commenced January 4, 1932, with no change in the number of pupils or in the courses of study pursued by them.

Much more home study should be done by the pupils generally. This would result greatly in the amount of work covered and in the knowledge attained. I am convinced that all parents should take a more decided stand in regard to home study.

On January 29, the Junior Speaking occurred. Twelve Juniors participated in this event, six boys and six girls. Unusual interest was manifested by all those taking part, as shown by the zeal and enthusiasm in preparing for the finals. The hall was very prettily decorated in the Junior class colors. The first prize of five dollars was awarded to Ruby Leach, the second of three to Henry Colcord and the third of two to Lila Pendleton. A fourth prize of three dollars was raised for John Fitzgerald. The reason for this was that he was practically tied with one of the awarded winners.

Under Mr. Pinkham's able coaching, Islesboro High School has developed a very fine basketball team. The great trouble is to get other high schools to come to Islesboro to play basketball.

The courses of study are the same as in recent years. They are the College Preparatory, the English Scientific, the Commercial and the Spécial Commercial for Post Graduates.

Two important measures were adopted by the School Committee at the beginning of the school year. One, that any pupil, to be eligible for graduation from the Commercial Course, must present the necessary sixteen points from the Commercial subjects; the other, that no pupil shall be graduated without having completed four years of English. There are pupils in every high school, whose sole ambition is

to get points enough for graduation, no matter from what courses they come. The Commercial Course usually offers several such pupils. Advanced Bookkeeping and Short-hand require too much time for such pupils; so they are always wanting substitutions in these subjects. If a pupil takes the Commercial Course, he should be compelled to take every subject offered in that course.

The morale of the high school is excellent. The pupils are generally well disposed towards school work and discipline; consequently there is no friction. Everything is running smoothly and with perfect harmony between teachers and pupils. Only under such conditions can pupils get the most out of school.

The teachers are doing good work. They are thorough, patient and agreeable. They always have the welfare and best interests of the pupils at heart, giving to each the necessary cheer, encouragement and assistance.

Islesboro High School ranks among the best in Maine. It is a Class A High School, meeting the requirements for schools of this class. As such it is approved by the State Commissioner of Education of Maine, with all the rights and privileges pertaining to Class A High Schools in Maine.

Citizens of Islesboro: Your high school is doing a noble work. It is preparing your boys and girls for the affairs of life, to be the future men and women of Islesboro, to guide and direct its affairs and destinies, to uphold your honor and integrity and to perpetuate your good deeds among men.

I wish to thank the teachers, school officials, parents and friends for their kind assistance and support.

Respectfully submitted,

GRANVILLE A. PROCK,

*Principal.*

## COMMERCIAL DEPT. ISLESBORO HIGH SCHOOL

---

*To the Superintendent and School Committee:*

It affords me great pleasure to present the following report of the Commercial Department of Islesboro High School. The number of students enrolled in each course is:

Shorthand I .....	15
Shorthand II .....	3
Bookkeeping I .....	11
Bookkeeping II .....	10
Commercial Arithmetic .....	10
Typewriting I .....	13
Typewriting II and III .....	17
Commercial Geography .....	3
Business Practice .....	3

Out of a total enrollment of forty-five there are twenty-six taking the full Commercial and two taking the Special Commercial course. There are also ten other students taking some Commercial subjects.

The major subjects of Commercial education are: Commercial Arithmetic, Bookkeeping, Shorthand and Typewriting.

First, Commercial Arithmetic should not be taught merely because it is one of the three R's of education, nor merely because it was handed down to us by the Ancients. These are not sufficient reasons in this modern age. We should study Commercial Arithmetic because it has a definite place in the business and social world as we know it today. It develops reasoning power, increases efficiency, and trains

the student to complete work which he starts.

Second, Bookkeeping teaches the student to be systematic, to be neat and accurate, and above all, it gives him a foundation for a business career.

Third, Shorthand and Typewriting increase speed, stress accuracy tend to remove bad habits in the written and spoken language, and enable one to become more concise in collecting and recording data.

The Commercial rooms are furnished with modern bookkeeping desks, chairs, and all necessary equipment, and the Typewriting Department is equipped with five Underwood and two L. C. Smith typewriters which are in good condition.

I extend a cordial invitation to the parents and citizens of Islesboro to visit the high school, and become more familiar with the Commercial Department.

Respectfully submitted,

FREDERICK W. PINKHAM.

## REPORT OF HEALTH OFFICER

---

Feb. 17, 1932.

*To the Selectmen and Citizens:*

The following is my first annual report as Health Officer of Islesboro. In a general way the health of the people here at Islesboro has been most excellent. We have had very few cases of contagious diseases. There has been an epidemic of chicken pox in a very mild form. There have been two cases of Polior Myelitis, (Infantile Paralysis) which will result in very little permanent disability, if any. There were no cases of scarlet fever, diphtheria, small pox, meningitis, or pneumonia.

Vital statistics are: 12 births and 10 deaths.

Our school children have had the advantage of a free dental clinic again this year, which was sponsored by some of the summer residents, and was conducted by Dr. Guy A. Smith of Belfast. The benefits of this work are very apparent and I hope it can be continued annually. The children have had a physical examination, and were found to be in very good condition. The first aid cabinets are a great help in the schools, and they have been used a lot this year.

I wish to take this opportunity to thank the officers, the school teachers, and the citizens of Islesboro for their hearty co-operation in the health work.

Respectfully submitted,

WILLIAM S. GARCELON, M. D.,

*Health Officer.*

## REPORT ON ISLESBORO FREE LIBRARY

---

*To the Selectmen of Islesboro:*

Since 1902 when the library first saw the light of day, to the present 1932, we believe the town has shown a growing appreciation of the good influence of the library in the community. From the second floor of Pendleton Grammar School down the hill to the little house there, then back to its present attractive, appropriate home, the library has travelled. It is one of our duties to keep the library building in good condition.

The front portico has had repairs several times, but not satisfactorily. We secured Mr. Tehan's services this fall, and found that we needed all new columns. He put in six pillars with attention to other details, and gave us a very low figure on the work. It is now perfect.

### THE GROUNDS

When we suggest to the caretaker that we may be spending too much money on this, he replies, "No, not too much. The Selectmen tell me we should have one public building with well kept grounds."

### THE INTERIOR OF THE BUILDING

We hear many friendly remarks on the cheery and attractive large library room. It was decorated last year and will last for some years to come. For this year we hope to get a magazine rack and a cabinet as extras for this room.

## BOOKS

In buying books, besides using your lists, we endeavor to keep in touch with the latest in travel and science, etc. Too, we try to find our weak spots in the collection, and bring the library up to a well balanced whole. The public library is the university of the people. We use books before we go to school, while we are in school, and after we leave school.

Many have been generous in their gifts of books this year, as you will see by the librarian's report. Mrs. Bertolet added to her books a \$5.00 check. Mrs. Brewer sent us \$2.00.

Among the interesting things to see at the library are some old maps. One was purchased of Mr. Hiram Farrow for \$15.00—a map of old Islesboro. Others have been loaned us by Mr. C. E. Kimball.

A portrait of Capt. Edwin Coombs was presented to the library last summer by Mrs. Josie Farrow. We earnestly hope to receive other pictures and mementos of our men of the sea, that we may have a real mariner's corner in the building.

It may not be amiss for the Library Committee to here put in their vote for the preservation of Islesboro's old trees, her wild flowers, the caring for her old cemeteries, and the keeping of her pioneer names on public highways, buildings, and particularly in her local geography.

In closing, a word of appreciate is due her who sits at the desk, Mrs. Kimball, and to those others at the branches, who have helped in the machinery of library work.

Below are the days for our social afternoons:

July 9—George Washington Day. Committee to be opened.

July 16—Exhibition of Old Quilts. Social committee: Leutner Hatch, Leila Farnsworth, Chestina Gillis.

July 23—Experiences of My Father in the Vessels He Sailed, by Eugenia Rowling. Social committee: Alice L. Pendleton, Kate Babbidge, Rovine Gilkey.

July 30—Biographical Sketch of Capt. John Gilkey, Revolutionary Days, by Edith Tehan. Social committee: Dorothy Phelan, Hazel Pendleton, Marion P. Chase.

August 6—Annual Wild Flower Day, by Arline Pendleton. Social committee: Fannie M. Trim, Beatrice Lillie, Effie Clinkenbroomer.

August 13—Guest Day. Social committee: Abbie Williams, Phebe Crosby, Anna Pendleton.

August 20—Local History Question Box, by Alice Pendleton. Social committee: Mabel Elwell, Blanche Pendleton, Rose A. Small.

August 27—Book Day. Social committee: Harriet L. Burt, Caroline Pierce, Peggy Crosby.

When you visit the library, ask to see our shells, old books, wartime roster, Spear-maps of Islesboro, etc., and pause to read the bulletin board, perhaps you may bring some interesting clipping for it.

The branches are continued with Mrs. Emma Parker and Mrs. Geneva Collins.

The library is open on Wednesday and Saturday during the winter and in summer on Wednesday, Saturday and Sunday.

Have you read Edgar Guest's poem, "What a Book Can Do"?

"This is what a book can do:

Build and strengthen you anew,

Give you fortitude and courage

When above a storm appears;

It can fashion and remake you

So that Fate can never break you.

It can comfort and console you

When your eyes are wet with tears."
